COACHES' CORNER

It is my pleasure to be able to welcome parents, students and friends to Marple Newtown's first night football game.

The lights that we play under tonight, represent a dream envisioned by a number of individuals over a year ago. Dreams do not come true by thinking about them. They come true because people believe in them and are willing to do something about them. With planning, dedication and hard work, that dream of lights has become a reality.

Today, many dreams fail to materialize because people are not willing to sacrifice or believe strongly enough in what they are doing. We, as a football staff and team, have a dream. We are willing to sacrifice, to dedicate and to work hard for this dream. We believe in ourselves and hope that we can make this dream a reality.

Let us hope, the success of the lights and the success that we believe we will enjoy in our football season will stand as examples to our students that their lifetime dreams can be a reality with the proper effort and dedication.

JAMES SCHMIDT
Assistant Coach

JV FIELD HOCKEY

PRINCIPAL'S MESSAGE

It is with special pride and thanks that I express my appreciation to all of our athletes, our coaches, and the parents of the Marple Newtown Boosters Club. The past school year is a credit to the Boosters Club. The new leadership gave rise to a new enthusiasm which pervaded our entire athletic program. As a result, for the first time in its history, Marple Newtown Senior High School athletes will play "under the lights." Through the efforts of the Boosters Club, lights have been installed on Harvey Field. This, coupled with the equity established among boys and girls athletics, marks the beginning of a new era of athletics for the Marple Newtown School District.

"Let There Be Light"

Just a year ago, there was a dream to have Marple Newtown's Athletic Field equipped with lights so that various athletic events could be held at night.

This dream became contagious and spread to the coaches, administrators, students and even into the community. The cure was to take much in the way of research, planning and fund raising, for the ultimate goal would be the reality of lights and this would take many dollars.

With ever raising taxes the "Boosters" would not ask the school board to finance these lights by using taxpayers money. This would have turned it into a nightmare. Where then was the money to come from? Well, it started when the "Boosters" bought out the Spectrum for opening night and had the M.N. Band and Athletes play and perform on ice skates. Then the service clubs of Marple and Newtown were solicited. With the generous response from the Newtown Square Rotary Club the M.N. Band Parents Association, Broomall Rotary Club and The County Leader, coupled with the "Boosters" over 50% of the necessary funds were raised.

The dawn is here, the reality of the lights for our athletic field where the community will be able this year to see four football games, five soccer games, one field hockey game and a Band-a-Rama.

We thank those organizations that have already financially supported our lights and to those who have promised their support in the future. Dreams really do come true.

The cure was the reality of our lights, but the cure is only half way paid for. You can help by supporting the concessions here at the game, purchasing football programs, joining the "Boosters" and/or sending your check to the M.N. Booster Club, P.O. Box 28, Broomall, Pa. — "And there was light."

The Leader Preview

MN vs. Lower Merion

Tonight the Marple Newtown Tigers open a new chapter in local sports with the first Friday night home football game under the lights. When the teams line up for the opening kickoff, a dream of the Marple Newtown Boosters Club will be realized.

While many at tonight's contest will be coming out to see the new lights, they should also see a fine football game.

There will be an unmistakable air of excitement about the first night game and MN's Tigers should certainly be "sky-high" for this one.

That will be important because Lower Merion has a rugged football team. Like the Tigers, the Aces are 2-0 this season. Defense has been the key to their early season success, particulary the play of a big front four. On offense they've moved the ball without notching too many points. Watch for a shuffling of quarterbacks as the game progresses.

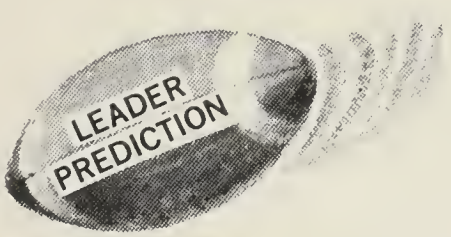
As for MN the emotional factors cannot be ignored. The night opener. Memories that last season the teams did not play because Lower Merion would not reschedule after MN's teacher strike. Then add the fact that the Tigers are now thinking about finishing atop the Central League.

All those factors should have MN keyed up for the game and they will have to be cautious about over-eagerness leading to mistakes. But if that edge can be controlled, the Tigers should put on a good opening night show.

Defensively MN can contain Lower Merion with good play from the linebacking corps, particularly on sweeps and passes into the flat. Look for Glenn Roberts (#58) to continue his fine play and Chris Kelly (#70) will have to anchor the inside of the MN defense.

Offensively the Tigers will face a tough task in moving the ball. Dan Peterson and Greg Kennedy have both been running hard and during the Haverford game the Tigers got a chance to work on some option toss plays that picked up yardage. They will probably go to those plays earlier tonight to outrun the big front four. Drew Roulston, who has provided a good balance to the Tiger running game with some timely tosses, might put the ball up more tonight if he can sidestep the pass rush.

Look for the defenses to control the game, and look around you and see the lights. It should be a great night.



Marple Newtown 13 Lower Merion 7
